MEMORANDUM

TO:

Town of New Windsor Planning Board

FROM:

Mark J. Edsall, P.E., Planning Board Engineer

SUBJECT:

JAVDAN MINOR SUBDIVISION

BEATTIE ROAD

PLANNING BOARD NO. 92-23

As the Board may recall, the subject application was before the Board and received approval on 10 June 1992. The minor subdivision encompassed lands within the Town of New Windsor, Town of Blooming Grove and Town of Hamptonburg. Approval from all three Boards was required to file the subdivision plan.

We were recently contacted by the project surveyor, at which time he advised us that the metes and bounds of the railroad property are incorrectly shown, resultant from incorrect information provided by Conrail. As such, a revised subdivision plat is required, with the need for reapproval from each of the Planning Boards.

Based on the fact that this is a correction which has no affect on the Town of New Windsor (since the Conrail properly is wholly within the Town of Blooming Grove), it is my recommendation that the Town Planning Board authorize the Planning Board Secretary to stamp and sign the revised plat, such that same can be subsequently forwarded to the Planning Boards of the Town of Hamptonburg and Town of Blooming Grove.

If you have any questions concerning the above, please do not hesitate to contact me.

Respectfylly submitted,

Mark J. Edsall, P.E. Planning Board Engineer

Planning Board Town of New Windsor 555 Union Avenue, New Windsor, N.Y

September 25,1992

RE: Javdan Three Lot Subdivision

Gentlemen:

June 2, 1992, I attended your work shop to discuss the plan for the "Javdan Three Lot Subdivision" which lies in the towns of Blooming Grove, Hamptonburgh, and New Windsor. As was discussed at that time, the only change to this property is the formation of three lots for the sale of lot 3 "as is" in the Town of Blooming Groove. As stated in the notes on the Plan "no development is to be accomplished at this time" nor with respect to this application. During discussion at the workshop it was agreed to add two notes to the Plan. The note concerning "no rights to cross the railroad" and a modification of the first note under the heading of Notes on the Plan. Attached is a letter indicating the results of the Town of Blooming Groove Planning Board review of August 17, 1992. Mr. Fares, their Town Engineer and the Town Attorney had trouble with the first note under Notes and thought that it did not adequately nor clearly state what was desired. They also wanted to pass a revised version of this note by the Orange County Offices for their comments. This was done, and a favorable reaction was received. Everyone seems to be satisfied with the note as it now reads on the enclosed Plans.

I am herewith asking that you sign the two mylars enclosed as we discussed during your Planning Board meeting of June 10, 1992. This is required by the Town of Blooming Groove as indicated in the attached letter signed by Mr. Fares before the Town will entertain final approval. Attached is a signed and stamped print of this Plan for your records. When the Plan has been signed by all three towns, I will give you and the Town of Hamptonburgh a copy for your records. Also is the enclosed check for \$397.50 for fees owed. I hope this meets with your approval.

Very truly yours,

Fred W. Staz, L.S. 11 Robert Bruce Place, Middletown, New York 10940

REVISED 6/4/92

JAVDAN SUBDIVISION:

Fred Staz came before the Board representing this proposal.

BY MR. STAZ: I am representing the Javdans who own the property. We propose a three lot subdivision.

BY MR. PETRO: I see that basically it's all the town of Blooming Grove and town of Hamptonburgh and no new lots being created in the town of New Windsor.

BY MR. STAZ: That is true.

BY MR. VAN LEEUWEN: All it has to do is come to New Windsor for New Windsor's approval?

BY MR. STAZ: That is correct.

BY MR. VAN LEEUWEN: I make a motion we approve, it's not in our town. You don't need SEQR.

BY MR. PETRO: Let's make sure, we'll state in the minutes that the SEQR process be completed and designated by lead agency will be the Town of Blooming Grove, not the Town of New Windsor, but it will be taken care of by the Town of Blooming Grove. Also that it be sent to Orange County Planning Department by the lead agency and I think the Town of New Windsor, we do not need a public hearing on this site, we can state that. As long as the Town of Hamptonburgh and Blooming Grove approve.

BY MR. SCHIEFER: I agree.

BY MR. PETRO: Also while you are here, I think he has to come before the Board and I think Myra had a problem with some of the fees because it was not clear that this is an application or not.

BY MR. EDSALL: That's been resolved.

BY MR. PETRO: I don't have to go into that at all?

BY MR. EDSALL: No, we figured out what we have to do.

BY MR. PETRO: All right, I take that back then.

BY MR. VAN LEEUWEN: The map that I have here is not finished, so we can't really approve this until it's stamped.

BY MR. PETRO: Planning Board secretary should be authorized to stamp this.

BY MR. EDSALL: It's sealed in the bottom right corner.

BY MR. PETRO: Ron should be able to sign this and send it back to the Town of Blooming Grove.

BY MR. EDSALL: Once you have a couple of plans that are stamped by all three boards, if you can just return at least one or two, I'd say two minimum, to this Board for our files.

BY MR. STAZ: Then I have to go to the, you want to see this again after approval?

BY MR. PETRO: No, just want a completed plan dropped off.

BY MR. LANDER: We need a copy of the completed plan once it's been approved by the other towns.

BY MR. BABCOCK: Is there going to be a Mylar that's going to require our stamp?

BY MR. STAZ: I would say so, I've been to the Town of Blooming Grove on two or three times and they are holding approval pending your approval and the Town of Hamptonburgh. Blooming Grove is requiring that they see your approval and the other town.

BY MR. BABCOCK: That's not a problem, we can stamp this plan that you can forward to them, to the two towns to get it and once they are approved and you have the Mylar, just bring it back and we'll have it stamped, it's not a problem.

BY MR. PETRO: Someone make a motion.

BY MR. VAN LEEUWEN: I made a motion.

BY MR. SCHIEFER: I make a motion that provided the Town of Blooming Grove and Hamptonburgh approve of the final site plan, Town of New Windsor Planning

June 10, 1992

Board grant approval.

BY MR. VAN LEEUWEN: I'll second it.

BY MR. PETRO: Motion has been made and seconded that the Javdan minor subdivision plan be approved by the Town of New Windsor Planning Board, provided it's approved by the Town of Blooming Grove and the Town of Hamptonburgh Planning Boards. Any further discussion? If not, roll call.

ROLL CALL:

Mr. Schiefer: Aye.

Mr. Van Leeuwen: Aye.

Mr. Petro: Aye.

Mr. Lander: Aye.

TOWN OF NEW WINDSOR PLANNING BOARD REVIEW COMMENTS

PROJECT NAME:
PROJECT LOCATION:

JAVDAN MINOR SUBDIVISION

BEATTIE ROAD

SECTION 55-BLOCK 1-LOT 62.21

PROJECT NUMBER:

92-23

DATE:

10 JUNE 1992

1. This application is somewhat complicated due to the fact that the owned parcels are within the Town of New Windsor, Town of Blooming Grove and Town of Hamptonburg. Effectively, this application will create three (3) lots in total, with no new lots in the Town of New Windsor.

To my understanding, the only new lot created is one off Moffat Road in the Town of Blooming Grove, on the south side of the Conrail right-of-way.

The other two lots of this three lot application involve the creation of individual lots on each side of the railroad property (effectively, this already exists due to the Conrail properly cutting through the overall property).

- 2. Inasmuch as this application does not create any new lots or uses within the Town of New Windsor, and the Applicant is before this Board based only on the fact that the property overlaps the Town line, it is my recommendation that the Board consider approval of this application subject to the following:
 - a. That the Town of Blooming Grove and Town of Hamptonburg subsequently approve this application.
 - b. That if any revisions are made to the plan that would affect the New Windsor portion of the property, that same be resubmitted to the Town of New Windsor.
 - c. That the SEQRA review process be completed by a designated Lead Agency (presumably the Town of Blooming Grove).

Also, you may wish to indicate that you are <u>not</u> interested in Lead Agency.

- d. That the Lead Agency forward this application to the Orange County Department of Planning.
- e. That the Planning Board Secretary be authorized to stamp and sign the plat, once a final plan is submitted.
- 3. For the record, the Board should determine that no Public Hearing will be required for this application.
- 4. At this time I am aware of no engineering concerns with regard to this application, with regard to the New Windsor "portion" of the project.

Respectfully submitted,

Mark J. Edsall, P.E. Planning Board Engineer
